

The more I read and listen, the more I can see the light at the end of the tunnel of the restrictions we have faced over the last couple of months. Hopefully if everybody has played by the rules, we will be getting back to golf as we know it soon.

Thank you all for taking note of the procedures put in place so you could play under level 3 (and apologies for the 'school marm' email last week, I guess I got stuck of phone calls about who was doing what etc.), and be aware that there will be more information and changes coming when we get to level 2.

**As soon as I have these, I will send them out so you will all know what to expect.**

It will be mainly around the club-house, pro-shop and cafe, and what will happen there, but there will also some some around scorecards and protocol on the course.

The Management Committee are working towards getting our Golf Club and facilities ready for Level 2, and following the information and guidelines from NZ Golf. You can see these guidelines on the NZ Golf Website. Included in these are some changes to local rules etc, so it is worth looking at.

We aren't out of the woods yet, but the end of the path is in sight.

I mean't to say last week that there had been really good feedback on the state of the course, and how lovely it was to play. Thanks heaps to Tukai, Mike and the team for your work out there. It certainly looks beautiful. BUT - pitch marks are appearing on the greens, so please remember to fix your own as you go, and perhaps at least one other, and they will be gone in no time.

### **DOTGOLF APP**

I have the information for this, and you download it from AppStore or Google Play.

Below is a copy of the instructions to find a club etc, but you get the instructions as you install.

You use your registration information for My Golf on this app, so if you aren't registered go to [www.golf.co.nz](http://www.golf.co.nz), and register as a new member. Or if you can't remember your password, email me and I can sort it out for you. I have

discovered a lot of our members didn't know how to book on-line, so at least we are learning that.

Running out of news this week, hopefully very soon I will be reporting lots of results and upcoming events and happenings that show that we are back up and running.

Still take care folks, it's not over yet, but taking the steps now will certainly pay off in the long-run.

At this stage I only have tee booking sheets up for Monday and Tuesday, as it will be hard to change them if we change levels next week, but I will get them up as soon as we know.

Watch out for an email on Tuesday or Wednesday with the next steps we are taking.
