

Give yourselves a pat on the back,

We have made it down to level 2, and I can tell from the comments out here, that the increased freedom is a welcome thing, and folk are enjoying catching up with the friends and golf mates. (Comment heard today - Yah we played golf and now we can have lunch together!)

Couple of teething problems getting back in the swing of things, and some changes to how we are doing things, but we are getting there, and wading our way through the requirements as best we can with minimal impact on you all.

I know you appreciate these are different and difficult times for us all, and there will be some long term impact on the Club, but that isn't always a bad thing. The long term goal is always to keep the Club going and that's what we are all doing.

For your information - following recent, Alan Steel is temporarily stepping down from his role of President and his day to day involvement in golf activities.

NOW THE IMPORTANT STUFF – GOLF

The **18 Hole ladies** have got their email letting them know what is happening for them, and have fun you ladies starting from Saturday and then Wednesday.

9 Hole Men are starting back on Tuesday 19th.

Veterans were sent an email today about their re-start, so catch up with you all on Tuesday.

I have no doubt that everyone else is checking their programmes and working out what they are doing, and how they juggle their fixtures to get through this.

The Management Committee are meeting on Monday, and discussions will be held about what fixtures are staying, going, being changed etc etc etc. As this is decided, you will be updated and informed.

THINGS TO REMEMBER WHEN YOU COME OUT TO GOLF:

- Making an on-line tee booking is the best contract tracing system we have, if you can please use it!
- The DotGolf App is amazing, as you can make a booking, check-in when you get here, and generate a 'virtual playing card' If you haven't looked at the app, do so. You can download it from Google Play or the App Store, it has the same sign-in as My Golf, and is user friendly. Check it out.
- If you are just 'turning up (not advised), make sure you complete the register form at the Pro-Shop, or entering the building, the sign-in forms by the doors, there is sanitiser there as well.
- Social distancing of one metre is still advised, and in the Club rooms and dining room when they open, our preference is that you sit with your playing four. The bar will be open from Thursday 21 May, and there will be some special rules for in there. Trust me I will let you know what they are.
- The rules of wash your hands, wash your hands, wash your hands still applies, as does the no shaking hands/hongi/kissing your mates when you finish playing

Thank you all for putting up with my ramblings over the lock down, keeping track of the rules and regulations has been a bit of a nightmare, and often things changed pretty quickly, so I hope I haven't caused too much confusion. I am trying to get it right first time, so we don't have to muck you around too much, and sometimes that's not an easy thing to do.

As things change, I will let you know, so fingers crossed, soon it will be all systems go and things will be fully back to the normal we knew.

We have done an awesome job keeping COVID out of our are, and that is a good thing.

Stay safe, enjoy catching up with your loved ones, enjoy getting back to golfing in your groups, and appreciate that the sun is still shining and you are able to play.
