

Hey, hey, we made it to another Friday. Still in level 2, but things look to be on the up and up with numbers of gatherings increased, so looking good to get back into tournament and functions.

You can sit in a group of up to 10 in the Club house (the large tables usually have 8 chairs around them) so that's a step, but you still need to observe that social distancing when around another group. Thanks for being so co-operative with this, it certainly makes things easier.

The contact tracing is still important, and remember if you have made on on-line tee booking or printed a card, this covers this, so you don't need to sign in when you come into the building. Sanitising and washing your hands is still important, so keep up the good work.

Welcome to some new and some returning members over the last couple of weeks. Good to have you on board, and I'm sure all members will make you welcome. So welcome Bent Jones, Liam Jones, Simon Wren and Gary Miller.

When you think about it, golf is the perfect social distancing sport, you keep your distance and the only physical contact is at the end of the round, and I know you are all elbow or ankle tapping instead of shaking hands.

HELLO WORLD SOCIAL DAY

HelloWorld Social Days are back and they have been re-vamped to allow for changes in the travel world at the moment.

The first of these this season is on **Sunday June 7th**, the start sheet is up downstairs so get your name in.

This year the Overall prize is **TRAVEL VOUCHERS TO THE VALUE OF \$1000** - you choose where you want to go.

Tournament prizes have been increased also in each division, starting at \$50 for first prize.

For anyone who doesn't know how HelloWorld tournaments work, at each social day the winners of the 3 divisions and 5 random selections go into the draw for the final day, when the draw is done for the overall prize. (You have to play in the final day to qualify for the draw) So the more times you enter, the better your chance of getting into the final day and the prize is decided by the process of elimination. That in itself is lots of fun.

As always we are grateful to Donella and her team at HelloWorld for their continued support of our Club with these tournaments.

I'm getting back into doing the Beacon results each week, so here are the results from competitions held since Wednesday.

Thursday Men's is being run as a Pro-Shop haggle at the moment, but watch for when this changes back to the usual format.

REMEMBER THAT IS WEEKEND IS A PUBLIC HOLIDAY WEEKEND, SO ENJOY YOUR MONDAY OFF. (I know I will!)

9H LADIES - your draw for Tuesday is in the Beacon,

9H MEN - Tuesday is your Duck Day, so come prepared for that. (Sid sets up the course that they have to 'shoot at the ducks not the hole' Too funny)

VETS - Your Matchplay draw is on DotGolf.

The weather looks garbage for some of the weekend, so I hope it doesn't stop you doing the things you want to do.

I know some of our members are taking the long weekend to catch up with family that it feels like forever since we have seen, so if you are travelling, please be safe. My Dad always said he trusted us on the road, it was the other buggars he worried about, and the older I get the more I realise how right he was.

That's about it for now,

Stay safe, stay warm and I'll catch you all next week.
